"SIMPLIFYING LOGISTICS"

"Hurray! It's Carnival Time "

February is carnival season in Europe & true to tradition -the team at New globe had an order for a giant carnival stage which is a mock up of a medieval castle having a volume weight of over 35 tonnes to be shipped from new Delhi to Düsseldorf to make it in time for the famous Düsseldorf carnival parade

Needless to say -our team worked tirelessly through the night to ensure the shipment was loaded correctly & shipped on time to ensure proper arrival so that our clients could celebrate their carnival in style..PROST to that 😊
