

## MY FIRST MONTH AS CEO

The Journey of a thousand miles begins with the first step!

They say the first month for anything is the toughest, be it your first day at school, a relationship, settling into a new house or city etc.

I still remember my first day with New Globe when. I entered Roy office, saw a sea of smiling faces, the office was buzzing with the sound of keyboards & phone calls. I was extremely nervous, least knowing what to expect.

As I interacted with the team, I was pleasantly surprised as to how open & eager the Air export team was to share their experiences and knowledge of freight forwarding with me.

Ashwin's encouragement, Anandji's guidance, the patience of all HOD's, Girish's training & Sonia's coaching were all the things that helped me in my journey.

Slowly but steadily, I learned the ropes and continue to do so each and every day.

On the 1<sup>st</sup> of April, I transitioned into my new role as CEO.

However, during this time Covid began to peak and lock-downs became the norm. I was troubled & anxious about the wellbeing of our team. Suddenly face-to-face interactions were replaced with endless Zoom meetings. Phone calls with the out-station teams took the place of actual station visits.

Suppose such is life - a little bit of sunshine, a little bit of rain.

What stays constant is my hope that our team will come out of this difficult time with strength and a stronger sense of compassion for each other.

Thank you to each and every one of you that comprise this great organization.
